## Personal Statement

A motivated Front End Developer with 1 years experience, specialising in crafting responsive, user-friendly and accessible interfaces for both web and mobile applications. My proficiency in HTML, CSS, and JavaScript, combined with my experience creating ui/ux mockups with design software such as Figma, and my hands-on experience with modern front-end frameworks such as React, provides me with the skills needed to succeed. I have a strong track record of cross-functional collaboration, and I pride myself on my ability to create responsive, pixel-perfect websites that are both visually appealing and function seamlessly across various devices and browsers. My dedication to staying current with industry trends, coupled with my strong problem-solving skills and attention to detail, ensures that I deliver high-quality, scalable, and optimised code. I have the flexibility to work independently or in a team collaborating with others and I am committed to reaching deadlines whilst presenting the best work possible.

## Relevant Skills

Front End	Back End	Other
HTML, CSS, JavaScript	Node.js	Git
React & Next.js	SQL	AWS
TypeScript	HTTP & REST API	Figma
GSAP & Framer Motion	GraphQL	Vercel

## Front End Developer

### Freelance

September 2023 - Present

#### Designed and developed responsive websites

Using fundamentals in HTML, CSS and JavaScript, along with frameworks such as Next.js to build a variety of projects, ensuring compatibility across multiple devices and browsers.

#### Collaborated with clients

To gather requirements, create mockups in Figma, and translate design specifications into functional, interactive user interfaces.

#### Optimised website performance

Use of tools like Lighthouse, resulting in faster load times and improved SEO rankings.

#### Maintained version control and managed project workflows

Using Git to ensure seamless collaboration with clients and other developers.

**Ensured accessibility standards were met**

Followed guidelines such as WCAG, enabling inclusive experiences for all users.

**Integrated APIs and third-party services**

Enhanced functionality and streamlined content management for client websites.

## **Account Manager**

Dr Vapes

June 2023 - Present
